Carriage Free UK Mainland.

## Description

This extractor has dual input capable of running two woodworking machines simultaneously. Inlet can be closed off when using 1 machine. The powerful 3hp induction motor will give long running, smooth performance and the balanced metal impeller is quiet and has high impact resistance. Can be run off a 13amp supply

## Features

- Mounted on free running castors for improved manoeuvrability
- Quick release straps
- Inlet blanking adaptors supplied
- Connection hose NOT included

## Specification
